Expertise

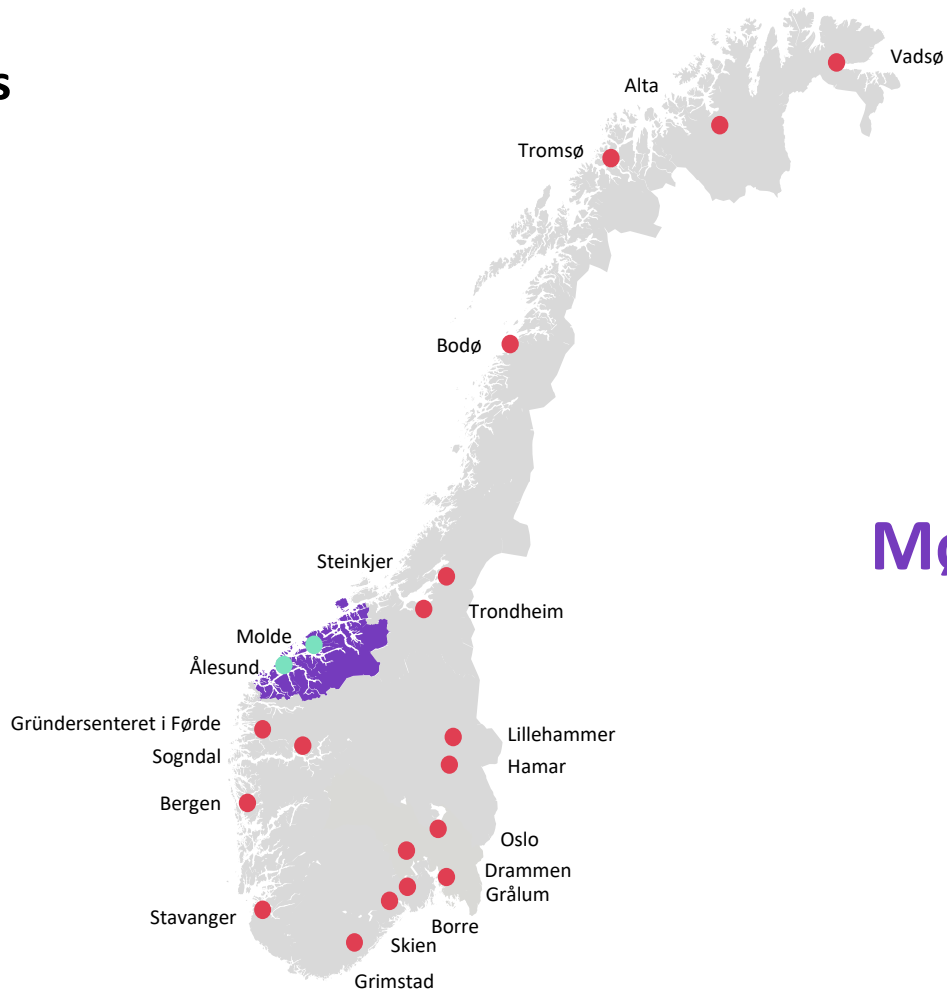

Networks

Capital

Regional offices

Møre og Romsdal
Ålesund
Molde

International offices

Capital for projects

Innovation Norway is like an **investor** who offers financing to companies with **Innovative business ideas** and **potential for growth and internationalization**.

When the project has high risk IN can **reduce risk** and correct market failure.

The aim is to achieve return on investment through **growth and value creation in Norway**.

Capital for projects

We prioritize innovation projects that have great prospects, high degree of innovation and likelihood of success.
